The product user bears the responsibility for compliance with such regu lations. Subject to local regulations, we reserve the right not to supply all products illustrated here. Your local Layher partner will be happy to provide advice and answers to all questions relating to the product approval, to their use or to specific assembly regulations.

User Guide Layher - bc-falcon.deity.io

• Use only tools recommended by Layher for erection and dismant-ling. Layher recommends a 500g (1.12 lbs.) hammer for knocking home the wedges. • DO NOT stand, lean or put weight on horizontal members until the wedges are fully driven home and the couplers are tightened. • Horizontal and/or vertical diagonal bracing, per Erection Manual.
